

*4 Up Skilling is excited to offer this training opportunity specialising in cherry production.*

AHC40416

## Certificate IV in Horticulture

In recent years, the Victorian cherry industry has undergone significant changes, creating a need to develop & enhance the technical skills & knowledge of key industry personal. 4 Up Skilling, in consultation with Industry, have designed a nationally accredited AHC40416 Certificate IV in Horticulture program, specifically for cherry industry supervisors and orchard staff. This is an exciting initiative, offering excellent opportunities for participants!

### **Key features include:**

- 👉 Build your cherry industry technical and management skills.
- 👉 Network with team leaders and orchard staff from leading fruit orchards and pack houses.
- 👉 Obtain a nationally recognised qualification.

### **The training topics include:**

- 👉 Work, Health and Safety
- 👉 Project and Risk Management
- 👉 Agribusiness Operations and Finance
- 👉 IPM and Pest and Disease Control
- 👉 Chemical Use and Application
- 👉 Soils, Plant Nutrition and Irrigation
- 👉 Quality Assurance and Crop Regulation
- 👉 Environmentally Sustainable Work Practices

### **Delivery Structure**

The program will be delivered as a combination of face to face theoretical sessions in the classroom and practical sessions at various field sites. The course will be delivered approximately 1 full day every 2-3 weeks and sessions will run from 9.30am to 4.00pm from early April until early October.

### **Course Details**

**Venue:** Sessions will rotate between University of Melbourne - Dookie College, Koala Cherries – Yarck and Dandenong Ranges (venue to be confirmed).  
**Date:** Starting Tuesday April 24th 2018.  
**Cost:** \$510 per person eligible (@\$0.50/hr)  
\$765 per person ineligible (@\$0.75/hr)

*This is a nationally recognized qualification and training is delivered with Victorian and Commonwealth government funding for eligible individuals.*
